

# MC<sup>3</sup> Solutions

## Are you paying too much for your printer cartridges?

We know that it is very time consuming to shop around for the best possible price for your printer cartridges. Faced with the task of searching through various catalogues to obtain pricing, it can be all too tempting to simply opt for a known large supplier under the false expectation that they must be providing value for money. STOP! You could be paying too much for your cartridges. Indeed, many of the schools which we now supply have saved as much as £4 per cartridge.

We understand that you don't want the inconvenience of having to constantly search through ever growing lists of printer cartridges until you arrive at the ones needed for your school; this could be better time spent. That's why here, at MC3 Solutions Limited, we will create a custom cartridge price list for your school, update it every term and send it direct to you at no cost to your school. We believe that we will be able to beat your current supplier and save you money.

In order to obtain a custom price list for your school, please email [sales@mc3solutions.co.uk](mailto:sales@mc3solutions.co.uk) with a full list of the printer cartridges you use and we will do the rest!
